

end of bank signage

...AND AT THE END OF THE LINE....

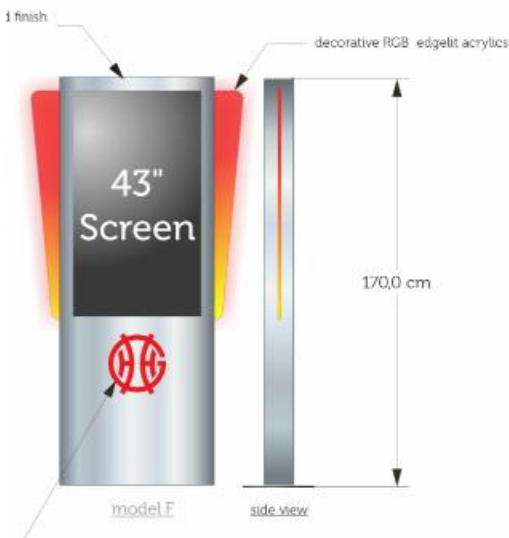

the end of a bank of machines is a useful extra area to put across simple messages, telling players what games are in that bank, via a graphic panel.

they can be totem mounted for easy of movement and can be combined with actual jackpot displays or any other interactive information that can be downloaded and displayed from our digital solutions.

the keyword is – FLEXIBILITY!

Classic bank end sign

Classic end cap

Full LED end cap

Fillers & Spacers

Slot machine spacers give players more comfort and extra privacy

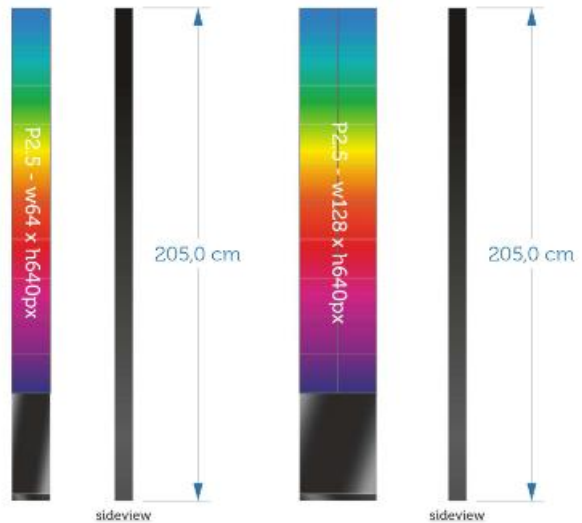

Custom fillers will give a furniture finish to slant-top circle set-ups

Custom circle fillers

Full Led fillers + LED sign

Hello we are SIGNS4U, We R here 4U.

We are here to help you to achieve all that you would wish for in the appearance and day-to-day working of your location, whether it is a five-star international casino, a family fun arcade or any other type of location which needs illuminating, both in décor and in [jackpot] multimedia systems.

We love challenges. put us to the test. see if we can match up to what's in your mind's eye. we have a young experienced and enthusiastic team full of ideas and highly-motivated.

We have 25 years' experience in the signs and systems business. we know our stuff, whether it is a 60-metre outdoor beacon of light and color, or indoor info displays; slots progressives and bonusing or top-boxes.

Signs light up your property and help light up your profits.

Try us...you won't be disappointed.
